

WALL PANEL

Company Profile

Foshan Chengxiang Decoration Material Co., Ltd. located in Foshan China. We are a professional factory in producing WPC, PVC and PS decorative materials. Our products include wall panels, skirting, ceiling and flooring, which are both for indoor and outdoor. We have more than 20 years experience in this field.

Our factories covers 26000 square meters, 20 production lines. Our production is strictly in accordance with ISO9001 international quality management system and ISO14001 international environmental management system. Through the efforts of our staff, we are becoming a very strong manufacturer in south China. Our annual production increases at a rate of 30% per year. We focus on quality control, on time delivery and professional after-sale service. Chengxiang's products have earned reputation and praise from customers at home and abroad. We welcome potential buyers to visit us.

Technical drawing of the top view of a 1D lattice structure. The structure is a periodic array of square holes in a rectangular plate. The total width is 120mm (4.72 inches). The total height is 13mm (0.51 inches). The distance between the centers of adjacent holes is 10mm. The width of each hole is 10mm. The thickness of the plate is 13mm. The drawing shows a central section with 10 holes and partial sections at both ends.
